

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	Computer Science & Engineering	Malla Reddy University	2022-Present	7.6
MPC	Physics, Chemistry, & Mathematics	Aavishkar junior College	2022	8.3
SSC	-	Orange Grammar High School	2020	10.0

WORK EXPERIENCE

- **Software Intern** [VaultofCodes] Aug-Sep 2025
 - Developed a **full-stack Student Performance Tracker using Python and Flask**, enabling teachers to **manage students, record subject-wise grades, and calculate performance analytics** with an intuitive web interface.
 - Implemented object-oriented design and database integration (SQLite/MySQL) to store student **data persistently, including functionalities such as adding students, assigning grades, viewing reports, and calculating averages**

PROJECTS

- **NERIFY Web Application for multi-word Named Entity Recognition** Jan-Apr 2025
 - This project highlights **key entities from uploaded text files, identifying names, places, organizations, dates**, and more using a user-friendly interface.
 - It accurately detects multi-word **entities like "New York City" or "Barack Obama"** without requiring prior ML knowledge.
- **Gesture Based Mouse Control By Using CNN** Jul-Dec 2024
 - This project develops a **CNN-based deep learning model to control the computer mouse using hand gestures** captured by a standard webcam.
 - The system maps gestures to actions like **clicking, dragging, zooming, and moving the cursor, enabling intuitive, contact-free, and real-time interaction without external sensors.**
 - It enhances **accessibility, reduces physical strain**, and has applications in hands-free computing environments.
- **Cinemaite** Feb-May 2024
 - With the rapid rise of digital content, **users struggle to find movies that match their unique tastes**
 - **A personalized movie recommendation system addresses this suggesting films based on individual preferences and viewing history**

CERTIFICATIONS

- **Python Basics** (University of Michigan)
- **Introduction to python programming**(Penn University)
- **AWS Cloud Foundations**
- **Programming in Java**(NPTEL)

HOBBIES

- Learning new things
- Travelling
- Playing cricket

TECHNICAL SKILLS

- **Languages:** Python, Java(Beginner), MySQL, PostgreSQL
- **Tools:** Autodesk Inventor, Jupiter Notebook, LaTeX, VS Code, GitHub, Docker, VMware, Postman
- **Computer Science Fundamentals:** Operating Systems basics, Database concepts (SQL), Networking fundamentals
